I love this restaurant. I always love this restaurant. It's intimate but not fancy. It just has good food consistently. You call for a reservation, they answer you by name. You walk in the restaurant and they greet you by name. We eat out quite often like a lot of people and I always look forward to going to Cote d'Azur. Their fish of the day served tableside is simple and pure.

It is the best France dining experience in Florida. The servers are professional and the food is exceptional. Seda K, Bonita Springs

You feel like you are sitting in a little cafe in Canne. Delicious fresh fish and excellent escargot are their specialties. Worth the trip. Lesley C, Casskill, N.J.

We love this place----just a storefront in a strip mall, but when you walk in the door you're in France. The duck is wonderful. Now, if they'd just get more comfortable chairs! Richard L. Bonita Springs

Friendly service and superb food. Good wine list is heavily French with some California. French bistro ambiance. Charles M. Naples, Fl.

Ces't Magnifique! Like dining in France! The strip mall location belies what awaits inside. Charming, comfortable Provencal decor, authentic bistro menu skillfully prepared and artfully presented. Attentive friendly service. A faultless dining experience. The Scaduto family is serious about pleasing. You will not be disappointed! Janet F. Ft. Myers

There are many good restaurants in the Naples area, but in our opinion the Cote d'Azur is certainly among the best. Claudio Scaduto offers a creative provencal menu. The staff is friendly and attentive. The ambience is informal and very attractive. Hamilton R. Bonita Springs

Food is uniformly excellent. You feel like you're in a superb French restaurant in France. John A. Naples

The food is to die for. A dinner there is like being transported to the French Riviera. Linda G. Naples

Fabulous whole fish.....love the branzino and daurade. The mussels appetizer is always great! Wonderful selection of appetisers and salads. It's like a visit to France! Lesley P. Ft. Myers

The best French food in Florida. I have never been disappointed with a dish at the Cote d'Azur. The decor is pleasant and relaxing, and the staff charming and friendly. Even when Claudio is on vacation, the standards remain the same, with the notable absence of his charming and beautiful wife and hostess. I look for any excuse to visit Naples in order to dine there. Vive le Cote d'Azur! Murray B. Tampa

Very quaint room with a nice selection on the menu and excellent food. The service can be a bit iffy, but not enough to get you to stay away. Mike K. Bonita Springs

This is an outstanding restaurant that we always look forward to going to when we winter in Naples. It is the best! We have never been disappointed in it. Ruth H. West Nyack, NY

Finer French Food not to be found. Nancy O. Naples

Best french food in Naples. Gil M. Naples

Fine Mediterranean cuisine. Mussels, seared foie gras, fresh simple fish. Superb service, but tables are very close and the bistro atmosphere is sometimes close. Get a banquette if possible. John H. Naples

Oohh La La Wonderful Food Service and Ambiance! Barbara C. Naples

Definitely not what you might expect from a strip mall restaurant. These folks know how to cook !!! Pat R. Estero

This is our favorite "SPECIAL" restaurant in Naples. This food is wonderful, and the decor is VERY SOUTH OF FRANCE. In season you need to book in advance. Often the Chef often sings wonderful French songs from the kitchen while he is cooking. Sharon K. Bonita Springs

This has always been a consistently excellent restaurant with great service and a varied dinner menu selection. The wine list is very good with a selection of French and domestic wines at reasonable prices. A small restaurant with a decor straight from Provence. The duck dishes are the best in the area. So good that they may be on the endangered species list! James W. Naples

An honest-to-goodness Provencal Bistro in Naples! We didn't have anything like this in Chicago! The menu seldom changes (and only a few items at a time), but consistently excellent Pete S. Bonita Springs

Paris in Naples with New York prices. Lawrence D. Naples

Best restaurant in Naples. Like eating in a restaurant in Provence. Never had anything but a wonderful experience. Carl C. Franklin Lakes, NJ

Do not miss this culinary delight - you'll think you're enjoying a meal in the south of France, only you're tucked into a Tamiami Trail shopping mall. The fresh fish flown in daily is consistently outstanding, as is the magret de canard. Decor is charming, service warm and professional. Jeannine D.B. Brooklyn, NY

Our favorite Naples restaurant, it is authentic and consistent, not to mention simply very good. Most entertaining is fish fileted at the table, just like a real New York restaurant (we all enjoy a little sophistication when away from home). Arthur G. Syracuse, NY

An "outdoor" cafe inside a mall makes for a cute décor. Henry W. Chicago

Overall the best mediterranean in Naples. Traveling Fork
